To Whom It May Concern:

Roy E. Wilson, Director

Hardaway Construction Corp. has just completed the construction of our new Hadley Park Community Center. This \$5,000,000 project, containing 35,300 square feet of new space along with the renovation of the existing gymnasium, was finished ahead of schedule.

The working relationship between Hardaway's management and Superintendent, the Architect, and the Owner was excellent. I was always kept up-to-date on the jobs progress and was always welcome on the job site and invited to attend the job site meetings. As the Owner's representative, this open door policy was greatly appreciated and provided for effective communication.

I would highly recommend Hardaway as a Contractor for any project and would be glad to provide recommendations for their great team of employees.

Thank you for allowing me to express positive sentiments for a great builder - Hardaway Construction Corp.

Respectfully,
