Dear Stan Hardaway,

We wish to express to you and to all who worked on the Motherhouse building and renovation project, our profound gratitude. We have thoroughly enjoyed our working relationship with Hardaway Construction and remain pleased with your company's ability to exceed our expectations. The caliber of the men who worked directly with us was impressive and because of their integrity, they were able to secure the trust of 225 religious sisters!

We are proud of our new buildings and renovated spaces; their beauty and craftsmanship reflect a job well done on the part of your company as well as the sisters who served as members of the building team.

Sincerely in Christ,

Dominican Sisters of St. Cecilia Congregation
